Quality Program for Continuing Education

A WEB-BASED TOOL FOR STRATEGIC PLANNING THROUGH
ORGANIZATIONAL SELF-ASSESSMENT AND BENCHMARKING

Edward G. Borbely, University of Michigan - Ann Arbor, USA
Kim Scalzo, State University of New York - USA

What is it?

- A movement to enable excellence in continuing education
- Self Assessment Methodology and Survey Tools (DAETE)
- Experienced CE and LLL leaders willing to share
- Quality tools and processes based on EFQM
- A growing group of professionals like you from EU, Asia, the Americas

15th IACEE World Conference on
Continuing Engineering Education

Benefits of Self-Assessment

- Objective assessment against an international standard
- Building consensus among staff and management on current state
- Hear new ideas from within and outside your organization
- See best practices
- Share ideas
- Get better at the things we do!

Value of tool set

- Flexible framework specific to CE programs and ops
- Consistent questions and measures to build consensus and engagement within your organization
- Ability to compare and measure progress with peers
- Potential for ‘standard of excellence’

Tool set

- EFQM based self-assessment measurement tool
- Method for staff and management engagement, collaboration
- Benchmarking Demographic Profile
- “Best practices” shared using a common template
- Online query-based benchmarking system

EFQM Excellence Model

Five Level Rating System

Level 1: Quality depends solely on the individual (no processes)

Level 2: Process awakening (basic processes)

Level 3: Vision through processes, professionalization and a guarantee of quality (intermediate processes)

Level 4: Systematic assessment and improvement of processes (sophisticated processes)

Level 5: Aiming for external excellence (excellent processes)

IACEE Quality Program

[IACEE's Quality Program for Continuing Education](#), earlier known as Continuing Professional Development Benchmarking and Quality Improvement Program (CPD-BQIP), originated as the Development of Accreditation in Engineering Education and Training (DAETE) project sponsored by IACEE. It has been developed over the past five years with IACEE support and external funding through the U.S. Department of Education and the European Union. The Program's standard is based on the European Foundation for Quality Management (EFQM) Excellence Model, adapted for applicability to CPD and Continuing Education (CE) organizations.

All institutional IACEE members are encouraged to register for this organizational quality improvement and benchmarking program, which is a FREE benefit of IACEE membership. As the number of users increases and the size of the database increases, the quality of the benchmarking data will improve and be of greater value to all of us! Please register [here](#).
