

# PULSE

Holiday Greetings from IACEE - December 2020

My dear IACEE Colleagues:

It has been an unusual year with an almost unimaginable pandemic. But we survived. And we learned a lot from this year.

We learned to live with less, we learned to be thankful for what we already have, and we learned to live in the moments we're given.

As we step into 2021, I wish you all the happiness and good health. Let us be together, albeit virtually, at the [17<sup>th</sup> World Conference on Continuing Education](#) in May 2021. We will have three extraordinary keynotes on the Future of Work and Learning, two workshops, and research, work-in-progress, best practices, and lessons learned papers on the three tracks of the conference: Sustainability, Innovation, & Inclusion in the context of continuing engineering education. We look forward to having you join us.

In the meantime, stay tuned for the announcement of the first webinar in our webinar series, starting in January.

With all good wishes for 2021,  
Soma

**Soma Chakrabarti, PhD**  
President, IACEE
