A Newsfeed for the Members: January/February 2021

My dear IACEE Colleagues:

A new year has started! 2020 was strange, unusual and unprecedented. But that has ended. We learned a lot, became wiser, and appreciated life, family, friends and colleagues more.

And here is hope, here is dream in the new year, 2021. To kick off our preparation for the [17th World Conference for Continuing Engineering Education](#), we will be presenting a webinar on Innovation in Turbulent Times. See page 2 more details. After the webinar, we will open a conversation on it with its recording. So, stay tuned. And stay well, my friends. Until next time...

Soma Chakrabarti, PhD
IACEE President

Innovation: Adapting in Turbulent Times, A Global Perspective

An IACEE Webinar

Featuring:

Dr. Alberto Di Minin, Sant' Anna
Dr. Daria Tataj, Tataj Innovation
Dr. Michael Fors, Boeing

Moderated by:

Mr. Paul Marca, IACEE First Vice President

16 February 2021
0900-1000 PT
1800-1900 CET

Innovation is more important than ever and yet, with high unemployment and an uncertain future, it is more difficult than ever to sustain. Join this webinar to hear from three professionals who share about how innovation is happening now and how you can sustain an innovative culture in the future.
